

**Edgbarrow School**  
**Year 13**  
*L3 Single IT Vocational Course*

**Curriculum Intent**

*The aim of IT and Computer Science is to develop young people who are digitally literate, resilient and have problem solving skills. Students will develop transferable skills to use across the curriculum, and in the wider world.*

**What am I studying this year?**

Knowledge & Skills	Time of Year	Assessment
<b>Unit 3: Fundamentals of Cyber Security</b> Working towards a written external exam covering the fundamentals of cyber security e.g. Network Threats and Threat prevention	September - January	External Exam (January)
<b>Unit 15: Game Design &amp; Prototyping</b> Theory and then practical creation of a game	September - April	Coursework Unit
<b>Unit 13: Social media &amp; Digital Marketing</b> Theory and then practical creation of a social media and digital marketing campaign for a business	January - April	Coursework Unit

**When and how will I be assessed?**

Students will be submitting work to Google Classroom throughout the year and feedback will be given both verbally and through private comments on Google Classroom to the students or in the form of marked exam questions where appropriate.

**Revision Guide**

Please use the textbook and resources on Google Classroom to aid revision for the external exams.

**Marking for Literacy**

(Longer answers and written work will be marked for at least one of the below, your teachers will tell you which.)

- Sp – Spelling mistake of key term
- // - Needed new paragraph
- C – Capital letter missing
- P – Punctuation needed
- Expr - Expression

**Students will demonstrate pride in their work by:**

- Take care of your book and work area. Including Sensible Folder Structure & File Names
- Title and date all work
- Write as neatly as you can in pen and make sure your electronic files are neat & readable.
- Update & improve any incorrect work.
- Upload all work to Google Classroom
- Diagrams, graphs, drawings should all be done in pencil or electronically.
