Progress - SALT

Curriculum Intent

Our aim is to support students' speech and language skills that are transferable across the curriculum and retained in their long-term memory. Our pupils' success will be recognised through increased confidence in their written and verbal communication across the curriculum. Our ambition is to provide the support to enable students to access the mainstream curriculum with their peers with confidence. We also aim for students to have the communication skills they require for all aspects of adulthood and engagement with the wider world.
