

Summer Classroom

As part of the Government's national 'catch-up' programme The Oak National Academy have provided a range of lessons that students could engage with over the summer if they are concerned that they have gaps in their knowledge. As a school we are taking our own 'catch-up' measures, so there is absolutely no expectation that students engage with these lessons. However, we also want to make you aware of these resources in cases it is something you wish to access over the summer or at a later date. The Summer Holidays are an important time for students to relax and recharge ready for a fresh start in September so we would not advocate students accessing the hours and hours of lessons available, rather that they selectively access a few areas that they would like to improve. As this is a national programme, some of the topics offered are not taught at Edgbarrow School. To help you navigate this, the table below offers some guidance. To access these resources please click on the image below.

These resources are independent of Edgbarrow School so please contact the Oak National Academy if you experience any issues.

Guidance from Edgbarrow School

Subject	KS3 – Year 7 - 9	KS4 – Year 10 & 11
English	<p>The following topics are not studied at Edgbarrow School:</p> <ul style="list-style-type: none"> Annie John Julius Caesar Oliver Twist 	<p>The available topics that are relevant to your course are:</p> <ul style="list-style-type: none"> A Christmas Carol An inspector calls AQA power and conflict poetry Macbeth Romeo and Juliette <p>If students wish to revise their Shakespeare play, they should choose <i>Romeo and Juliet</i> OR <i>Macbeth</i>, depending on which they have been taught.</p>
