Dear Parents / Carers

I am writing to you to remind you about our safeguarding app 'IMABI inspire'. IMABI is an APP that supports students with their well-being.

The APP has verified guides on many with topic issues to support students with mental health, exam anxiety etc, along with offering a function where students can report concerns to the school's safeguarding team should they wish. It also signposts students' national charities such as Childline for advice and support. This is a first of a kind App in the UK to have all these features in one place, and we are immensely proud to be the pilot school in helping shape the App.

Downloading the App is easy; it is available on the Google Play and App Store. Students can use their school username and password to sign in. (The App has been through a robust GDPR process). Downloading the App is optional and student choice. However, we feel it would benefit students greatly if they had access to where to get help if they felt they needed it, all in one place, so would like to ask you to encourage them to download it.

If you have any further questions, please do not hesitate to contact me.

Yours faithfully

Mrs Louise Rea-Palmer
Assistant Headteacher/Designated Safeguarding Lead
