## Guide to Prevent for all staff

# Guide to Prevent

## What is Prevent?

Prevent is part of the Government's counter-terrorist strategy known as CONTEST. Prevent aims to reduce the risk we face from terrorism, by stopping people becoming radicalised or supporting terrorism. The strategy promotes collaboration and co-operation among organisations, in order to provide support to vulnerable individuals.

The contest strategy is made up of four work streams, or four Ps:

**Protect** – strengthening our borders, infrastructure, buildings and public spaces

**Prepare** – where an attack cannot be stopped, to reduce its impact

**Pursue** – to disrupt or stop terrorist attacks

The school is involved with the fourth P which is **Prevent**. This aims to stop people becoming terrorists or supporting terrorism. It has been described as “the only long term solution” to the threat we currently face from terrorism. The Prevent strategy will specifically focus on three broad objectives.

## Prevent objectives

Three national objectives have been identified for the *Prevent* strategy:

**Objective 1:** respond to the ideological challenge of terrorism and the threat we face from those who promote it

**Objective 2:** prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support

**Objective 3:** work with sectors and institutions where there are risks of radicalisation which we need to address.

Possible radicalising organisations covered:

- Al Qaida
- Far right groups
- Irish Republican Army (IRA)
- Ulster Volunteer Force (UVF)
- Basque ETA
- Animal Rights Campaigners
- Any other groups or individuals who may oppose government policy by acts of terrorism

## What does this mean for Edgbarrow?

The school is a critical partner in Prevent, along with other educational establishments, government bodies, charitable organisations and private sector bodies.

The Prevent strategy focuses on identifying and working with vulnerable individuals who may be at risk of being exploited by radicalisers and subsequently drawn into terrorist-related activity.

## What does this mean for me?

Prevent does not require you to do anything in addition to your normal duties. What is important is that if you are concerned that a vulnerable individual is being exploited, you can raise the concern in accordance with the School's Safeguarding Policy and Procedure.

In the classroom you should challenge inappropriate language, views and behaviours if they occur (the same approach to 'challenge' in relation to Equality and Diversity).

Prevent links to existing safeguarding frameworks which require all staff to exercise a duty of care to all students and, where necessary, to take action for safeguarding and crime prevention purposes. This includes taking preventive action and supporting those individuals who are identified to be at risk of, or who are being, exploited and drawn into terrorist related activity.
