Remote Access for Pupils (Mac)

1) **On Apple Mac,** install the **Microsoft Remote Desktop** app from the Mac App Store (Logo shown above)

2) Once loaded, click **New** within the software.

3) Connection Name: (Can be anything you choose)

   - **PC Name**: Pupil.edgbarrowschool.co.uk
   - **Username**: Edgbarrow\(with username after slash)
   - **Password**: Normal School password)

4) Click the cross once the information has been filled out. Then double click on the newly created Remote Connection.

5) When the computer makes the connection, click 'Show Certificate' and check 'Always trust 'EDG-TSPUPIL'.

6) Continue using your Mac Admin Password.

7) Once this has been done, Remote Connection should be started on your Apple Mac.
