

Curriculum Intent

The purpose of D&T is to develop passionate designers & engineers who are active agents of change in an advancing technological and mindful society.

What am I studying this year?

Project	Topics	Assessment
Unit 1 Course work Producing Engineered products	The purpose of this unit is for learners to use skills developed in Year 10 to produce an engineered product along with the associated paper work that is set by the exam board.	Assessed during and at the end of project
Unit 2 Course work Engineering Design	The purpose of this unit is for you to analyse engineered products, so you can then propose design solutions in the design of a new improved product based on the item made in Unit 1.	Assessed during and at the end of project

When and how will I be assessed?

Any resitters that did not meet their minimum grade for the theory exam in yr10 will need to complete a mock exam during November.

Projects are assessed as outlined above

Coursework is assessed as outlined above

Marking for Literacy

(Longer answers and written work will be marked for at least one of the below, your teachers will tell you which)

Sp – Spelling mistake of key term

// - Needed new paragraph

C – Capital letter missing

P – Punctuation needed

Expr – Expression

Subject Specific Literacy: see separate document

Students will demonstrate pride in their work by:

- Presenting information clearly and neatly to aid learning
- Using a title and date for all work including homework
- Underlining all dates and titles using a ruler
- Writing in blue or black pen
- Completing drawings and diagrams in pencil
- Glue in sheets flat and in order
- Annotating work and making corrections in coloured pens
- Crossing out mistakes neatly with a line
- Highlighting key words and concepts
